

BADEN²BADEN REINSURANCE SYMPOSIUM

20 OCTOBER 2019
KONGRESSHAUS BADEN-BADEN

#BBRE19

GUY CARPENTER'S BADEN-BADEN SYMPOSIUM

Join us for the opportunity to hear from leading industry executives on the latest trends and developments, addressing the question:

Is the (re)insurance sector ready for Industry 4.0?

Sunday, 20 October 2019 | Kongresshaus, Baden-Baden

Registration: 16:00

Symposium: 16:30 – 18:30

Cocktail reception: 18:30

The Guy Carpenter annual Symposium is attended by over 600 senior executives. Helping to set the agenda for the reinsurance meetings at Baden-Baden, it is designed to distil the trends and analyse the issues affecting the global P&C reinsurance markets.

The Symposium will be followed by a cocktail reception to mark the start of the Baden-Baden Reinsurance Meeting, offering attendees the opportunity to network with senior European and International industry professionals.

TOPIC: THE TECHNOLOGICAL REVOLUTION

Technology is making businesses faster, more efficient and more interconnected than ever. The age of Industry 4.0 is dawning, and the rate of change in the global economy is accelerating faster than it ever has before.

Is the (re)insurance industry keeping up with the new needs of its insureds, and is it fully embracing what the technological revolution has to offer?

Discussion points will include:

- **How to harness technology** and data to hone underwriting accuracy and model new and existing exposures;
- How to tackle the challenges around insuring intangible assets, and managing the **systemic implications** of a more technologically interconnected society; and
- How the industry can embrace technological advances to change the way it thinks about the **transaction of risk**.
